Year 10 Home Group Course Counselling (Year 11 2023) Course Counselling Day – Tuesday 26th July

Over the next couple of weeks you will be asked to select the courses which you will do in Year 11. By completing this sheet it is hoped this will help you to think about your options for next year.

Name five careers/jobs which you would like to do when you have finished school:

Name your favourite subjects at school: _____

Name subjects which you excel at: _____

Important things to consider when choosing subjects:

- Make yourself familiar with the 2023 Curriculum Handbook which is available to download from the school website under 'publications'.
- Visit the GHS Careers Website www.geelonghscareers.com and complete interests quizzes, your resume, explore pathway options from a GAP year, Universities, Apprenticeships and TAFE
- Keep your options open (your ideas could change in the next year or two)
- Consider doing a range of subjects (Arts, English, HAPE, Humanities, Languages, Maths, Science, Technologies)
- Consider a VET subject outside of the school, School Based Apprenticeships or VCAL
- Select subjects which interest you and you succeed at
- Avoid doing more than two folio subjects
- Try to avoid doing a very narrow selection that limits your options and choose a level of challenge that gives you the best chance possible at a very strong ATAR. Discuss with your teacher if in doubt.
- Select subjects which are important for your preferred career path
- You can do multiple Maths and English classes; add them as subject choices
- Consider accelerating into doing a VCE Unit 3 and 4 subject when you're in Year 11, especially if you've already done a VCE subject in 2022 (you must follow all advanced subject requirements)

Choose your course! You have to do twelve units of six subjects throughout the year, some are compulsory and have been selected for you.
