## Child Safety (and Wellbeing) Policy 2022

If you need help to understand this policy, please contact the school principal

### Introduction

New Child Safe standards for schools came into effect on 1<sup>st</sup> July 2022. The protection of students is the responsibility of everyone who works at Geelong High School, encompassing its staff, contractors, volunteers and any parents. We all share responsibility for promoting the wellbeing and safety of children.

The Geelong High School Child Safety (and Wellbeing) Policy demonstrates our school's commitment to creating and maintaining a child safe and child-friendly organisation, where children and young people are safe and feel safe. This policy provides an overview of our school's approach to implementing [Ministerial Order 1359](#) (PDF, 363KB) which sets out how the Victorian Child Safe Standards apply in school environments. It informs our school community of everyone's obligations to act safely and appropriately towards children and guides our processes and practices for the safety and wellbeing of students across all areas of our work.

### Scope

This policy:

- applies to all school staff, volunteers and contractors whether or not they work in direct contact with students. It also applies to school council members where indicated.
- applies in all physical and online school environments used by students during or outside of school hours, including other locations provided for a student's use (for example, a school camp) and those provided through third-party providers
- should be read together with our other child safety and wellbeing policies, procedures, and codes – refer to the related school policies section below.

### Statement of commitment to child safety

Geelong High School is a child safe organisation which welcomes all children, young people and their families.

We are committed to providing environments where our students are safe and feel safe, where their participation is valued, their views respected, and their voices are heard about decisions that affect their lives. Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) and other students experiencing risk or vulnerability. Inappropriate or harmful behaviour targeting students based on these or other characteristics, such as racism or homophobia, are not tolerated at our school, and any instances identified will be addressed with appropriate consequences.

Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff, and volunteers to inform our ongoing strategies.

We are committed to Implementing the [Child Safe Standards Action List](#)  
child safety (and wellbeing) policy 2022 v4

### **Child Safety Code of Conduct**

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

Establish a culturally safe environment in which the diverse and unique identities and experiences of Aboriginal children and young people are respected and valued.

At Geelong High School we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected and valued.

We think about how every student can have a positive experience in a safe environment. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

We have developed the following strategies to promote cultural safety in our school community:

- Developing and implementing a Koorie Education Plan consistent with the Marrung:Aboriginal Education Plan
- Ensuring all Koorie student have an Individual Education Plan
- Creating a learning environment for all students that acknowledges; respects and values Koorie cultures and identities
- Building a strong school culture to support cultural inclusion by beginning events and meetings with an acknowledgement of country; flying the aboriginal flag and displaying a plaque in the school foyer with the acknowledgment of country

#### **Standard 2: Managing risks to child safety and wellbeing**

Ensure that child safety and wellbeing are embedded in school leadership, governance and culture.

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. Our school leadership team will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least annually.

- The school's Child Safe and wellbeing policies and practices will be reviewed regularly and in some cases, annually and whenever an incident occurs

- The school will promote online safety and students will complete an ICT Acceptable Use -Commitment statement, consistent with our ICT Acceptable Use policy

### **Standard 3: Student empowerment**

Children and young people are empowered about their rights, participate in decisions affecting them and are taken seriously.

To support child safety and wellbeing at Geelong High School, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities. Students have the opportunity to participate in the Student Representative Council or have their view represented. Students also have significant representation on school Council, with two student members and School Captains are also included as Community representative. Student Reps have the opportunity to present issues to council twice per term and to participate in any and all sub-committees of school council.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging through our school vision and values; through our House system; our Positive Education Initiative; by implementing our whole school approach to Respectful Relationships and our Statement of Behavioural Expectations.

We inform students of their rights through our Statement of Behavioural Expectations; our whole school approach to Respectful Relationships and give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns via our school website: [www.geelonghigh.vic.edu.au](http://www.geelonghigh.vic.edu.au)

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

Refer to PROTECT Child safety Standard 3 guidance

### **Standard 4: Family engagement**

Families and communities are informed and involved in promoting child safety and wellbeing.

Our families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement, at Geelong High School we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.

We will create opportunities for families to have input into the development and review of our child safety policies and practices and encourage them to raise any concerns and ideas for improvement.

We do this by:

- Having a sub-committee of school council dedicated to policy development and review;
- by consulting with the Parents and Friends group on matters of policy;
- distributing key policies to the community for consideration
- input via newsletters and Newsfeeds through the Compass portal. Newsletters will inform families and the school community about any significant updates to our child safety policies or processes, and strategies or initiatives that we are taking to ensure student safety.

## **Standard 7: Complaints and Reporting Processes**

Ensure that processes for complaints and concerns are child focused.

Geelong High School fosters a culture that encourages staff, volunteers, students, parents, and the school community to raise concerns and complaints. This makes it more difficult for breaches of the code of conduct, misconduct or abuse to occur and remain hidden. Our school will ensure that any complaints and concerns will be child-focused with the wellbeing of the child as the primary focus, culturally safe and accessible. Confidentiality for the student(s) concerned will be a critical factor.

We have clear pathways for raising complaints and concerns and responding and this is documented in our school's Complaint Policy. The Complaints Policy will be publicly accessible on our school website.

If there is an incident, disclosure, allegation or suspicion of child abuse, all staff and volunteers (including school council employees and homestay providers) must follow our Child Safety Responding and Reporting Obligations Policy and Procedures. Our policy and procedures address complaints and concerns of child abuse made by or in relation to a child or student, school staff, volunteers, contractors, service providers, visitors or any other person while connected to the school.

As soon as any immediate health and safety concerns are addressed, and relevant school staff have been informed, we will ensure our school follows:

- the [Four Critical Actions](#) for complaints and concerns relating to adult behaviour towards a child
